D.A.R.E. Officer/Instructors conduct numerous Community events designed to keep children safe and off the street in a productive learning environment. The primary focus of the D.A.R.E.. Board is the "Children" - teaching them the harmful effects of tobacco, alcohol, illegal and prescription drug use and abuse, violence, of being responsible and accountable not only to themselves but others, thinking about the consequences of their choices, learning to deal with pressures especially "Peer Pressure", and the importance of good-decision making skills; teaching them to take charge and control of their lives and to make safe and healthy choices. For this D.A.R.E. Officer/Instructors receive approximately 80-100 hours of specialized training each year. D.A.R.E. goes far beyond the classroom and just teaching kids to say "No" to drugs - D.A.R.E. does a whole lot more for this county than its citizens realize!

Bexar County D.A.R.E. Officer/Instructors serve as the School's immediate response force for all serious incidents, major emergencies and/or natural catastrophes - to back up and reinforce routine patrol officers in the field on a 24 hour, 7 days a week recall. D.A.R.E.. Officers augment the patrol division during the summer months and most school holidays in addition to supporting numerous Community events and programs.

Bexar County D.A.R.E.. Officers/Instructors work with local Child Protective Services (CPS) and conduct preliminary investigations to check the safety, health and welfare of children on cases referred to local Law Enforcement by CPS. If during their investigation they find any indication of criminal abuse or neglect they refer the case to local Law Enforcement Criminal Investigation Division or equivalent. This is just another example of the D.A.R.E. Officer/Instructors commitment to saving and protecting our children through intervention.
